

Quick Fit Wrist by Procure

Description

The Quick-Fit Wrist II is a universal, functional wrist orthosis for the treatment of wrist and hand injuries and trauma. A simple, single pull lace design for ease of application and a soft nylon/ foam laminate offers maximum comfort.

An adjustable, malleable dorsal stay will be placed in the proper location for maximum immobilization or removed completely during rehabilitation.

A unique contoured palmar stay provides proper anatomical fit allowing full finger dexterity and may be contoured as needed to address a variety of indications.

Indications

- Contact Us Pre & Post Surgery Immobilization
- Carpal Tunnel Syndrome
- Wrist Fractures
